Dear Miss Parlow.

Although it is now two weeks since we enjoyed the evening of Chamber Music at the Conservatory I still haven't thought of a way in which to say at all adequately how much both my wife & I enjoyed it.

It was a most delightful evening. The quartets were most beautiful - & made us realize again just how fortunate Toronto is to have you here. And the most astonishing

refreshments – quite took our breath away.

You really were more than generous – & I hope you will accept our sincere thanks for the treat, & convey to the other members of the quartet our gratitude for their kindness.

Yours sincerely,

Geoge Tatham.
